### PRODUCT DESCRIPTION

A luxurious, richly veined quartz inspired by natural macabus fantasy quartzite. It features elegant, sweeping striations in soft grey, pale green, and off-white tones, punctuated by delicate accents of warm golden veining. The layered movement adds visual texture and sophistication, making it ideal for upscale, modern, or transitional interiors. Suitable for countertops, wall cladding, and feature islands.

Valentino Stone maintains its commitment to world class depth of color and pattern without the need for surface printing on quartz products.
