PRODUCT DESCRIPTION

Regal and mysterious, Carthage evokes the opulence of ancient empires through its bold contrast and ornate detailing. A deep black canvas is laced with dramatic gold, bronze, and amber veining, forming an intricate and organic network reminiscent of antique marble. The matte finish lends the surface a rich, velvety texture that enhances its visual depth while maintaining a modern edge. Ideal for upscale feature walls, vanities, and designer kitchens, Carthage delivers the timeless beauty of natural stone with the strength and ease of porcelain.
